Dear Ms Padilla,

Following your annual check-up on 14 October 2025, I am pleased to report that your general health is good. A summary of the main results follows.

Blood pressure: within the normal range.
Ferritin: 22 ng/ml, below the reference range of 30 to 200. An iron supplement is recommended.
Vitamin D: low normal. A supplement is advised through the winter months.
Vitamin B12: within the normal range.

Please continue the iron and vitamin D supplements and maintain your iron rich diet.
Your next routine check-up is due in October 2026.

With kind regards,
Dr. Anna Pichler
