Current charges		**$287.00**
Previous balance		**$0.00**
Total amount due		**$287.00**

Your December gas usage rose with the cold snap. Compared to last December your usage is about 6 percent higher. Budget billing is available if you would like to level your monthly amount. Pay online, by phone, or by mail. A late fee of 1.5 percent applies after the due date.

Energy tip: lowering your thermostat 2 degrees overnight can cut winter heating costs noticeably in a bungalow of this age.
